Claim Rejections - 35 USC § 112

Claims 1,2 and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims the steps of deciding whether to accept said buy request from said client computer is indefinite in scope as it is not clear what steps if any are being performed by the computer. Moreover, it is not clear how the deciding step is effectuated.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1,2,4,9-10,19,20 and 20 are rejected under 35 U.S.C. 103(a) as being unpatentable over art of record.

The applicant argues that the reference is directed to rent-to-own systems in which the renter ultimately purchases the product after renting and in which the rental fee is applied toward the purchase price and that the present invention is directed to a completely different approach with users being provided with information regarding cars available for lease or rent, at least some of which may be under lease or rent, and the users can choose to buy cars in the fleet, even while the cars are leased or rented. The applicant argue that the unlike the reference, the purchaser (or bidder) is not necessarily the renter. This argument is not persuasive in that the claim read on cars “available for lease of rent”.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
